

How to Assemble Trellis and Greenhouse Cover

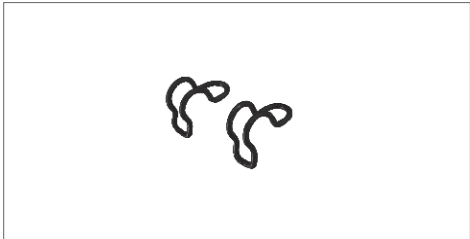

CRESCENT
garden

TruDrop^{ONE}

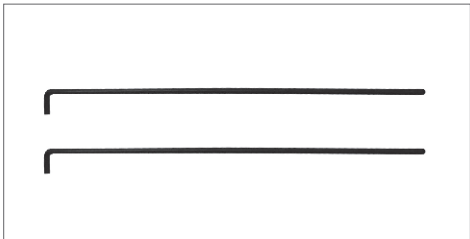

Parts:

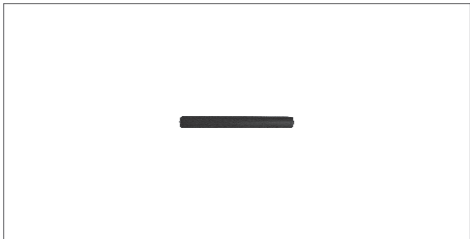

A
Trellis
x2

B
Tension Bar
Support Clip
x2

C
Tension Rod
x2

D
Tension
Rod Sleeve
x1

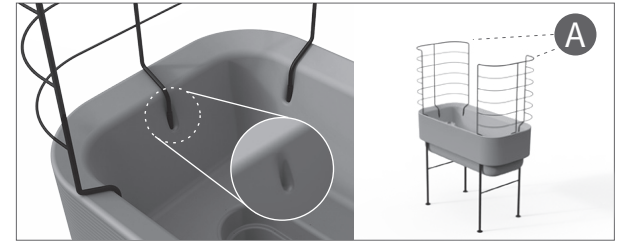

E
Greenhouse
Cover
x1

Instructions:

1.

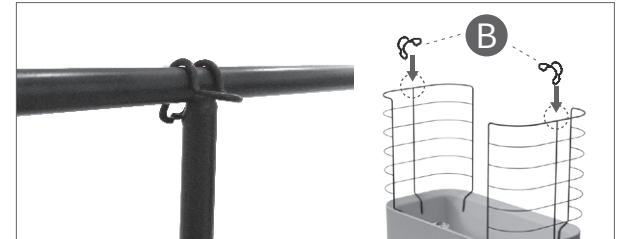

Insert each trellis into the three indentations on the planter.

Note: If planter is already potted make sure to clear all soil well from indentations before introducing trellis.

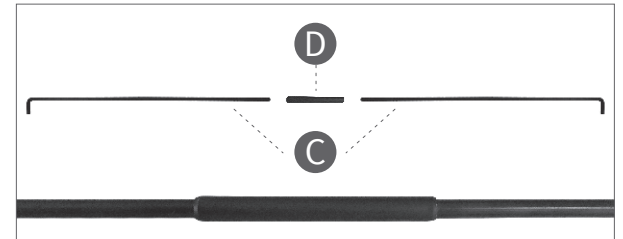

2.

Place the tension bar support clip centered on the top of each trellis.

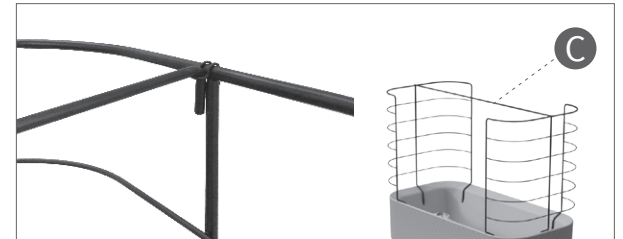

3.

Insert a tension bar on each side of the tension bar sleeve.

4.

Hang tension bar assembly from tension bar support clips on trellises.

5.

Unzip the cover and place it on the frame created. Fasten cover to trellis using velcro tabs.
